CAMERON KNIGHTS ATTEND CONCLAVE IN BRYAN CASTLE

ONE HUNDRED AND TWENTY-FIVE CANDIDATES GIVEN RANK OF PAGE.

One hundred and twenty-five candidates took the rank of page in Brazos Lodge Knights of Pythias in Bryan Wednesday night.

This is the Rathbone Bible class, one of the largest Pythian classes in the history of the order in Texas.

Grand Chancellor Lemley of Temple assisted in confering the rank on the candidates and after the initiation delivered an address.

The famous Rathbone Bible was not brought to the lodge because of the illness of the grand keeper of record and seal, Wheaton. This Bible is always kept in possession of the grand keeper of records and seal.

A party of Knights went from Cameron, among them W. O. Triggs, District Deputy Grand Chancellor, and Walter D. Thomas, Chancellor Commander of the lodge in Cameron. Two candidates from Cameron took the degree.

At 5 o'clock the Knights and candidates with a large delegation of Dokeys from Houston, including the Dokey band, were entertained with a barbecue. Later the delegation motored to the A. & M. College and back to Bryan for the session of the lodge.

LYCEUM COURSE TO GIVE FIVE FEATURE PROGRAM HERE

COMMITTEE MEETS AND ELECTS CHAIRMAN FOR SUPERVISING OF ENTERTAINMENT.

A lyceum course with five big feature programs will be held in the auditorium of the Yoe High school beginning in a short time .

A meeting of the gurantors was called Monday by Supt. L. H. Kidd in the directors room of the First National Bank. The price of season tickets was agreed upon. E. A. Flinn was elected chairman of the entertainment committee to superintend the presentation of the big program here.

Mr. Flinn will appoint as many committees as he deems necessary to arrange for the entertainment.

The proceeds from this entertainment will go to the payment of a piano in the high school.

This lyceum course will bring to Cameron a widely known international company of artists and will be an entertainment of the highest order. Watch for further announcements of this entertainment.

BERYLE OIL CO. TO DRILL AT MINERVA

Two Hundred Acre Lease Secured on Wallace Tract for Newest Drilling Company.

The Meryle Oil Company organized by N. D. Gallagher, Col. E. Mays and J. R. Mays will drill their initial well on the J. C. Wallace land at Minerva as soon as equipment can be shipped and rigged up.

This company has secured approximately 200 acres of land and expects to undertake a vigorous drilling campaign in the field.

J. R. Mays has been actively interested in the field since early in 1920 and with his father, Col. E. Mays, has come into possession of much valuable acreage. Mr. Mays is a thorough oil man, having owned and operated big interests in the north Texas fields.

This is the newest company to begin development in the Minerva field.

LETTERS TO MAYOR APPROVES STAND ON KU KLUX PARADE

CONGRESSMAN HARDY WRITES TO SANCTION ACTION TAKEN BY OFFICIALS HERE.

A number of letters have been received by Mayor U. S. Hearrell approving his proclamation issued to prevent a parade of the Ku Klux Klan in Cameron. Among these letters is one from Congressman Rufus Hardy.

Mayor Hearrell issued a proclamation last week seeking to prevent a parade in Cameron, which he declares will avoid rioting. Among the letters

BUILDING AND LOAN ASSOCIATION TO BE ORGANIZED HERE

CLUB MEETING AUTHORIZES ORGANIZATION— SKELTON RE-ELECTED SECRETARY.

Organization of a building and loan association in Cameron with a capital stock of $500,000 was authorized at a meeting of the board of directors Friday night of the Commercial club.

A motion for a permanent organization was withdrawn following the recommendation of the committee to nominate a board of directors for the association. The committee reccommended that officers be not elected until a canvas had been made for subscribers to its capital stock and the stockholders given an opportunity to vote on the election of officers.

The meeting was in charge of T. S. Henderson, Jr., who has actively sponsored the building and loan association for more than a year.

Following is copy of the minutes of the meeting:

Roll call showed the following present:

Officers: Robert McLane, president, W. W. Chambers, vice president, W. B. Skelton, secretary.

Directors: H. M. Hefley, J. W. Coleman, Geo. T. Graves, J. B. White, W. G. Gillis, R. H. McIntosh, S. A. Cottle, W. O .Triggs, Giles L Avriett, O. M. Smith, Dr. Jas. Watson.

Minutes of previous meeting were read and upon motion adopted.

A list of the standing committees appointed by the president to serve for the next six months were read. Upon motion from W. W. Chambers, seconded by J. W. Coleman the list was approved.

Standing committees appointed by President McLane.

Finance—J. L. Clinton, chairman, L. T. Lewis, J. C. Tucker.

Transportation—S. P. Cross, chairman, C. A. Sprott, H. C. Keith.

Civic Improvement—J. T. Parma, chairman, Jno. E. Mangum, Leland Green.

Good Roads—J. D. Dobbins, Giles L. Avriett, Geo. T. Graves, J W. Coleman.

Publicity—Dan Tyson, chairman, Monta Thomas, Moulton Cobb.

Membership and Entertainment—J. R. Hays, chairman, H. H. Stedman, C. W. Bradberry.

Home Industry and Factory—C. W. Lawrence, chairman, R. A. Triggs, B. P Atkinson.

Agricultural—W. M. Cobb, chairman, S. E. Brogdon, A. R. Tucker.

Rural Route and Free Delivery—C. R. Phillips, chairman, Lloyd Mitchell, G. C. Walters.

Investigation—F. S. Lesovsky, chairman, T. S. Henderson, Jr., Judd G. Davis .

Next in order came the election of a secretary. On motion from W. W. Chambers, duly seconded W. B. Skelton was re-elected to serve as secretary for the next semi-annual period.

President McLane then turned the meeting over to T. S. Henderson Jr., chairman of the building and loan committee, who had called a mass meeting for the purpose of perfecting the organization. Mr. Henderson briefly explained the committee's idea of the proposed organization and on motion from F. S. Lesovsky, seconded by J. W. Coleman, it was decided to organize in accordance with the committee recommendation, A subscription list was then passed around and about 100 shares in the building and loan association were subscribed to by those present.

Election of a board of directors for the association was then in order and upon motion from W. W. Chambers, seconded by J. W. Coleman a nominating committee was appointed by the chair to recommend nine directors. The committee composed of F. S. Lesovsky, W. O. Triggs and J. W. Coleman, recommended that inasmuch as there were at that time only eighteen stockholders to pick from, that three committees of three each be appointed to canvass the town for subscriptions to the capital stock and that a stockholders meeting be held later for the purpose of electing a board of directors. The following committees were appointed:

Committee No. 1—W. M. Cobb, chairman, W. B. Skelton, J. C Tucker.

Committee No. 2—F. S. Lesovsky, chairman, J. B. White, W. O. Triggs.

Committee No. 3—J. W Coleman, chairman, W. G. Gillis, J. R. Hays.

Commercial club work then being resumed, Giles L. Avriett of the good roads committee stated that the commisioners court had advertised for bids for the reconstruction of a number of bridges in the county, which were washed away or damaged by the recent flood, and bringing out the fact that it would be necessary to issue $12,000 worth of bridge warrants at 8 per cent which can only be sold at 95c on the dollar, necessitating the raising by public subscription about $600 to cover the deficit. Such action was opposed by W. W. Chambers, who stated that it would be better to issue 10 per cent warrants and sell them at par than to make up such deficit by public subscription.

Upon motion from W. W. Chambers duly seconded, a committee composed of Giles L. Avriett, H. M. Hefley, Geo. T. Graves and O. N. Smith was appointed to see if either 8 per cent or 10 per cent warrants could be sold at par.

COTTON GINNED IS LESS THAN THIRD OF 1920 RECEIPTS

ONLY 12,008 GINNED IN COUNTY UP TO SEPTEMBER 25, REPORT OF AGENT SHOWS

Only 12.008 bales of cotton had been ginned in Milam county up to September 25, as compared with 38,729 on the same date in 1920.

This report is filed by Jeff T. Kemp, special agent of the Department of Commerce.

The recent floods in Milam county contributed largely to the cotton crop shortage as all river valley lands were swept by the rivers. The crop was known to be shorter than for many years but the figures revealed in the report of Mr. Kemp are much lower than expected.

The following is the report of Mr. Kemp:

I am authorized by the Department of Commerce to announce that there were 12,008 bales of cotton, counting round as half bales, ginned in Milam county, from the crop of 1921 prior to September 25, 1921 as compared with 38,729 bales ginned to September 25, 1920.

In the death of Mr. Bosley Cameron loses one of its best beloved citizens and The Herald extends its sincere sympathy to those of the family who must feel keenly this great bereavement.

WOMAN BURNS TO DEATH NEAR TAYLOR

Explosion Follows Pouring of Coal Oil Into Coffee Pot by Mistake

Taylor, Texas, Oct. 12.—Mrs. A. Morgan, an elderly woman who resides between Beaukish and Gano, about six miles from here, was burned to death yesterday afternoon.

Mrs. Morgan had gone into the kitchen to make coffee. A can of oil which someone had used in starting a fire was sitting on the table. Thinking the can was filled with water, Mrs. Morgan used it in the coffee pot. When the pot boiled over and exploded the oil was ignited and covered her clothing. Funeral was held today at Pleasant Retreat church.

LEASE BOOM ON IN MINERVA FIELD

PRODUCTION FROM 3 WELLS PROVES GOOD STARTER FOR SHALLOW FIELD.

By E. E. SULLIVAN.

The Minerva field has taken on another boom and many leases are changing hands, drilling contracts are being made and big prices are being paid for close in acreage to the three producers, The Texas Plains Oil Syndicate No. 1, Neihous and the Oklahoma Bell Oil company's No. 1, Robert Issacs and the Ben McClellan an offset.

These three wells are estimated to be able to produce at least 150 barrels per day which is a starter for the new shallow pool. The showings of these wells and the probability of at least three new producers being drilled in soon is attracting capital for the immediate building of a pipe line to the field and the building of a small refinery at Minerva. Cameron is being crowded with oil men and new ones are coming in each day looking over the field and most of them are buying acreage for quick development.

What is believed will be an extension of the new field to the east and north is the showing made in the Pete Johnson and James Rumberger No. 1, Manly well a short distance south of the town of Minerva and in wildcat territory. The well is said to have showed some oil in the bailer and the drillers are bailing at 855 feet to determine just how much fluid there is in the hole. This is an extension of the field and will open up considerable territory, hundreds of acres in the vicinity of this well will be proven as a result of this showing. The size of the well cannot be determined until the well is cleaned out and placed on the pump, but it is believed that it will show for as good a producer as there is in the whole field.

The well of Bell & Haines on the Batte farm is being held up for repairs on the excavator. This well is checking up with the Neihous well of the Texas Plains Oil Syndicate and is down something over 700 feet. It is reported that it will be brought in the later part of this week.

Another important well in the new pool is the Fogel & March No. 1, Moore. This well is standing at 705 feet waiting orders and is said to be nearing the paying sands. Much is expected on this well as there are any number of deals pending the showing of this hole for a producer .

The Little River Production Company No. 1, Robert Issacs have spudded in and are drilling around 60 feet. The drilling is being done with a Big Star Rig. This well is 1100 feet north of the Producer, Robert Issacs No. 1, and in what is considered proven territory.

James McCamey Sherrin and Elwell No. 1, Henry, offsetting the Ueihous well has been shut down at something over 500 feet, waiting for 8 1-4 inch casing which is being hauled to the ground. When the casing is in the hole drilling will be resumed. Two of the members of this firm have been absent from the field the past week. Mr. McCamey going to Rising Star, Texas, on business in company with Slim Brownfield. John Sherrin going to the Mexia field which he reports as booming and says that we can have the same kind of a boom here in the Minerva field by the drilling of a deep test. There are rumors of a deep test and several operators are blocking up large tracts of leases for the test.

J. Z Hodge No. 1, Cooper, has been shut down for several days for repairs which when finished drilling will be resumed and the well drilled to completion.

Kemp & Hefley, No. 1, Moody which has been shut down for some time is still making a large head of gas and it is reported that this firm is getting ready to drill this test down to the Woodbine sand. The drillers are only waiting now for the outcome of the Jones Prairie well on the Sneed ranch 11 miles north of the field. It is reported that this well is showing for oil in he Woodbine and is attracting lots of attention from the oil clan.

A complete distillation of the Minerva crude is being made by one of the large refineries which will be published as soon as received here. Local tests by experienced oil men show that the Minerva crude is the highest gravity in the state with a large volume of gasoline and lube oil and it is probable that when a market is had for the oil it will bring a premium away above the posted price.

Moore C. Hess et al, No. 1, Robert Issacs, has been shut down for surface casing for the past few days will resume drilling as soon as Mr. Hess returns from Oklahoma City where he has gone on business in the interest of himself and associates.

Most of the drilling now is confined in the Minerva district, the operators contenting themselves with stuff as close to the production as possible. With the big advance in crude oil prices the past week is beginning to

PREMIUM LISTS OUT FOR STOCK SHOW CAMERON OCT, 21-22

SECOND ANNUAL FAIR TO FEATURE NEW EXHIBITS AND ENTERTAINMENTS.

New exhibits and new entertainment features will characterize the Second Annual Live Stock and Poultry show in Cameron this year.

Chairmaan Wm. Cobb of the Agricultural committee in the Commercial club has the plans for the fair matured and has just issued a catalog giving the premium list and explaining the conditions and requirements of exhibits.

The opening day of the fair will be October 21 and will be extended over a two day period.

Friday "School Day."

The opening day of the show is "School Day' and the program will be under the direction of Prof. L. H. Kidd, superintendent of the Cameron schools. He is working on a very interesting program for this day, and the schools in all parts of the county are invited to co-operate.

Have your school represented in the Milam County Agricultural, Live Stock and Poultry show.

School Exhibit at the Fair.

Every school is urged to bring or send to the Fair any exhibit your community desires to send through the schools as part of school work. The work will be put up for any school that sends the exhibit to L. H. Kidd, Cameron.

Here is a splendid opportunity to work out some very effective projects in your school. The pupils will be interested in doing this kind of work, it supplements the regular work, and furnishes an opportunity for real motivation of school work.

Bring the children with you on school day. It will be worth much to them. Social efficiency is the main purpose of school work. Come, let them take part in active life.

COUNTY WARRANTS SOLD AT PAR BY AUDITOR AVRIETT

NO DEFICIT TO PAY AS RESULT OF SALE OF $15,000 ISSUE FOR BRIDGES.

The commissioners court on Wednesday of this week entered into a contract with Austin Bros., McLerran & Brown and Barmore and W. D. Evans for the construction of the San Gabriel bridge at San Gabriel, bridge over Alligator, bridge over Clay creek near Frank Graham's place, bridge over Little Bear Creek, near Rogers place, bridge south of Add Hall near Tomasek place and bridge over slough on the Cummings crossing road. All these bridges were destroyed by the recent flood. The total contract amounted to $15,277.07 and bridge warrants were issued to the various parties as payment for the work. However, the officials of Milam county succeeded in selling these warrants for par to Mrs. C. A. Dittman of Alleyton, Texas, hence there was no discount. The officials are to be congratulated on negotiating a sale of the warrants for par.

Mr. Rossett of Waco came down today to attend the funeral of Mr. Bosley, who died Tuesday the 11th.

THROUGH THE EYES OF THE ENGLISH DEPARTMENT OF YOE HIGH SCHOOL.

Introduction.

The purpose of this column is to give the citizens of Cameron some of the views and opinions of the pupils of the English department of the Yoe high school. We hope that the patrons of our school will become interested in these articles and will cooperate with us in our plans and our work. The following is the first of the articles to appear:

A PUBLIC NEED.

I am going to make an error, but an error with greater reformers than I can ever hope to be have made in their time. I shall call attention to a fault, but in calling attention to the fault, I shall give no definite remedy.

Had you chanced to pass through the main part of town in the afternoon of yesterday, or of any other day, you would have seen a dozen and a half, or perhaps two dozen young men standing on the street corners conversing upon sports, cars and other such subjects.

Had you chanced to pass the same place at, say, nine o'clock, you would have seen some of those you passed before, now joined by a number of others. What have these young men been doing since you saw them last? They have continued discussing the same things; probably some of them even forsook the conversation long enough to go home and partake of their evening meal. What are they doing now? They are blocking sidewalks, keeping clerks in the stores from their work, and telling ancient Jokes.

Franklin said "Waste no time; be always employed in something useful; cut off all unnecessary actions."

Are not these young men wasting time? Are they employed in something useful? Are not these unnecessary actions which should be cut off? Will not they grow up to be idlers like their proverbial predecessor, who, seated on the bench in front of the general store and postoffice, spent all his time whittling? And will not these boys, too, be joined by those younger than themselves?

But we must not be too harsh in our judgment of these youths. They have no place of entertainment and recreation, no place where they might be employed in the reading of good books. It is the duty of the town to provide such a place. Just what kind of a place is for the public to decide. And, having called attention to a fault, I leave to those wiser the finding of the remedy.

GIRL SCOUT MEET EACH THURSDAY AFTERNOON AT BOY SCOUT HEADQUARTERS

Final organization work of the Girl Scouts is going forward, in a business like manner with Mrs. A. Taegel and Miss Gladys Summerlin in charge.

A large number of interested girls met with the leaders at the Boy Scout headquarters last Thursday afternoon and signified their desire of becoming Girl Scouts.

Another meeting will be held this afternoon, at which time it is thought that a number of the girls will pass the tenderfoot tests and the organization will then apply for its charter. Meetings will be held each Thursday afternoon just after school. The meetings will be held at the Boy Scout headquarters in the Clark building.

MANAGER HOPE CAMP COMPILES FIGURES FROM SEASON JUST PASSED.

The following financial statement of the Thorndale Base Ball club was handed The Champion for presentation to the readers and fans of the city.

"In presenting this statement we wish to call attention to the following facts:

"While we probably had a too high salaried team for the town, we had good, clean boys, and furnished the fans a brand of clean, snappy base ball. We feel in this connection too, the advertising value of the team to the town more than made up for the difference in the team we had, and in one we might have had for less money.

"Being without experience in such matters we naturally made mistakes, from a financial standpoint that we can easily see after the season is over. We trust, however, that next year's management, if the town has a team, will profit by our experience.

"We take this opportunity to thank the few who donated to this balance as promised, and otherwise assisted Thorndale in maintaining a winning team.

"Following is a complete statement for the season, except the grand stand and fence account which is still due the lumber company.

IDEAL GARAGE BURGLARIZED MONDAY NIGHT WITH SMALL LOSS.

The third burglary to be committed in Thorndale came Monday night when robbers entered the Ideal Garage by cutting a heavy chain and lock from the front doors of the garage.

A careful check of stock by Wuensche & Roepke reveal only a nominal loss in electric light bulbs. It was at first thought that a number of casings and tubes had been taken but a careful check failed to substantiate this.

Fred Frenzel who lives just a block below the garage was awakened about 2:30 Tuesday morning by the noise of a car and looking out a bed room window saw a car leave the front of the garage, drive past his home and crossing the railway near the oil mill head toward Rockdale. Apparently the car was a Ford touring and waas traced by W. F. Luckey and Joe Worley through Rockdale and within two miles of Cameron by peculiar marks left by the tread on the two rear casings. The trail was lost there and could not again be picked up and the chase was abandoned.

It is thought the robbers came well prepared to sack a number of stores here as among the tools they carried was evidently a bolt cutter as the chain on the Ideal Garage was clipped clean.

It is evident the robbers either lost their nerve or were scared away before completing the job, or jobs, here, by the small amount of loot they are known to have secured.

SLIGHT FROST HERE SUNDAY MORNING IS REPORT.

Reports of a slight frost visible in many places about the city were prevalent Sunday morning. The frost was very light and did no damage.

SAN GABRIEL BRIDGED AGAIN WITH CROSSING UNTIL STEEL BRIDE IS PUT IN.

Commissioner Moore and a force of workmen have completed the temporary bridge over the San Gabriel river near the town of San Gabriel and traffic is now going through direct, saving a detour of several miles over bad roads.

Mr. Moore imported a pile driver from Williamson county and put in the temporary structure near the old site of the steel bridge. The steel bridge will be replaced as soon as possible.

The bridge across Alligator creek has also been made passable and it is now possible to make the trip from Thorndale to Cameron direct. The roads in many places are still very rough but passable.

STATE BANK DIRECTORS HOLD REGULAR MEETING.

The directors of the Thorndale State Bank held their regular meeting at the bank rooms Monday morning, going over routine business matters. No changes in the directorate were made at this meeting.

Among out of town direitors attending the meeting were Buck Wills of Taylor and C. A. Leferre of Sharp.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any durg store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through ever air passage of your head, soothing and healing the inflamed, swollen mucos membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight. adv.

THIS fact has been established over two thousand times before over four million people, in direct comparison tests between the New Edison and the living artists.

The New Edison is the *only* phonograph that *dares* this acid test of direct comparison.

Now the New Edison takes another forward step! Mood Music! The power of music to sway our minds and moods has been recognized by the thinkers of all ages—but it has remained for Mr. Edison to evolve a plan by which you can benefit from good music beyond mere entertainment.

It Soothes, Refreshes, Cheers!

Mood Music helps you control your mental and physical well-being. It soothes you when you are nervous. Refreshes you when tired. Cheers you when sad. In a 32 page booklet, this wonderful new way of using music is fully described and over 100 selections are classified according to the effects they produce upon a listener. THORNDALE CHAMPION FIRST TEXAS PAPER TO OPPOSE KLAN

EDITOR HERNDON SAW MENACE IN GANG ENFORCEMENT OF LAW, SAYS EDITORIAL

An Editorial.

In so far as the newspapers of Texas are concerned The Champion was the first in the state to call attention in its editorial columns, to the menace of the Ku Klux Klan. This was done in its issue of June 2, just after a report was current that the Klan had organized in Dallas.

In the editorial of June 2, The Champion pointed out the danger of mob rule, and gang law enforcement, and gave as the reason for the organization of a Klan in Texas the laxity of officers in enforcing the laws of the state and frequent resort to the suspended sentence law.

In an editorial in The Champion of June 23, which has been copied throughout the state, the dangers of the organization were brought out more clearly, and their uselessness pointed to.

This editorial was the basis of the leading editorial in The Dallas News a few days later in which The Champion's editorial was elaborated upon but lost none of its forcefulness.

Now that the Klan is thoroughly organized throughout the state and is operating in devious ways, some of its good and some of its dangers are better known.

Heretofore only the evil it has done has been dwelt upon by Texas newspapers. The good is also to be commended. The Champion does not believe all the grand jury and other proposed investigations of the Klan will avail anything. But, The Champion does believe the Klan will die a natural death after it has accomplished a purpose, not IT'S announced purpose, however, but its real purpose in the scheme of things as they are.

While the Klan as now instituted is lining the citizens of the state and nation up into factions, it is also aligning more of the citizenship into a more strict adherence of, and respect for the law. In this it is doing good. When the Klan in its progress has succeeded in aligning a big majority of our citizens to a more wholesome respect for the laws, law enforcement officers will feel the urge of more strictly enforcing them, and the need for, or the conditions under which the Klan was organized will have passed away and the Klan will die a natural death.

To make it plain: just as conditions bettered themselves speedily in the days when the original Ku Klux Klan was organized and that clan died for a lack of work to do, conditions of present day will better themselves, laws will be enforced, a greater regard for the laws will be in evidence and the new Klan will die as the old one did.

The Champion is a believer in history repeating itself in some instances. Our laws are being violated most shamelessly and flagrantly, suspended sentences are being handed out right and left, cases are being quashed and a general disregard of laws is the result. By the agitation brought out by the organization of the Ku Klux Klan these abuses of laws that were made to protect the citizenship are being brought to mind forcibly, and when the citizenship is a united whole on any subject there is bound to be a tendency toward betterment that will not stop short of accomplishment.

Regardless of all the harm the Klan is doing now, regardless of all the crimes that are attributed to the Klan justly or unjustly, the Klan will be responsible for better conditions that will eventually mean the death of the Ku Klux Klan. And each individual act of the Klan is only hastening the day of its own death, but it will accomplish a great work before its demise, but perhaps, unwittingly.

KEEP IN TOUCH WITH HOME TOWN

National "Subscribe to Home Town Paper Week," November 7 to 12

If everyone born and reared in this town had remained here to make his permanent home, we should be a city of many thousands, more population than we now number.

On the other hand, cities and towns elsewhere that have attracted our youth would never have been founded, perhaps, and America would remain as it was in pioneer days—a great continent with a few scattered cities—all too large, all over-congested.

But the opportunity that calls men away from their native homes keeps the great movement alive, with the result that practically every corner of America has in it a representative of Cameron.

However, the home town always has its interest for the people who heeded the call to go elsewhere, and news of its progress and the doings of its people is welcome news to the native and former resident, wherever he may now be located.

Correspondence, however faithful, cannot cover all the news and gossip, and seldom deals with more than family affairs. The perfect medium, of course, is the home town newspaper, which prints all the news of all the people. Some of these items, while of limited interest to you, might be of great interest to one away from home.

There is now a nation wide movement on foot, sponsored by the National Editorial Association and other agencies, in which this paper is taking part, looking to a stimulation of interest in the Home Town Paper.

To do our part, we are this week offering an extra copy of The Herald to every subscriber with the request that he send it to a relative or friend out of town. This extra copy is free for the asking by writing or calling at this office. Or, if preferred, we will send free copies to such former residents as you may designate.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

TINNER AND PLUMBER

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

FOR LEGISLATION AGAINST KU KLUX

DAVIDSON WOULD CALL SPECIAL SESSION TO PREVENT K. K. K. PARADE IN TEXAS

Houston, Texas, Oct. 7.—Lieutenant Governor Lynch Davidson today issued a statement in which he suggested the calling of a special session of the Texas legislature to enact legislation preventing parades of the Ku Klux Klan. The lieutenant governor said in his statement that "every state official in Texas, be his rank what it may, should throw his influence in the balance for government by the duly elected authorities and not by secretly organized clans and gangs, who tar and feather women and drag helpless men from their homes and firesides."

In his statement, the lieutenant governor said:

"No doubt the Ku Klux organization, immediately following the Civil war, was the salvation of the South, and my kith and kin, far and near, including my father, played a strong hand in its affairs.

"The present day Ku Klux Klan may have done some good things and cured some evils, none of which, however, could not have been reached through the channels of the law and by constituted authorities.

"Southern hearts warming to the memories of the original organization and its beneficient efforts caused many of the best citizens of this land and this city to join the ranks of the present organization. What little good it may have accomplished at the outset has many dozens of times been offset by acts of violence and lawlessness, emanating either from the klan itself or men and sets of men operating under the cloak of the klan. The source is immaterial, as lawlessness and want of respect of the law are the result.

"Every good citizen in Texas who became a member of the klan under the impulse of its organization, now that it is seriously and solemnly striking at the evry heart of this government and threatening to rake its foundations and create civil strife, should just as quickly face about to a stern activity to strike down what threatens to be a serpent in our midst.

Every American Family Affected.

"Law enforcement, forsooth! When we think of the petty measures, checking petty crimes, only yesterday agitated all over Texas, as compared with this thing that stalks in our midst, affecting the very fireside of every family in this broad land.

"Every state official in Texas, be his rank what it may, should throw his influence in the balance for government by the duly elected authorities and not by secretly organized clans and clans who tar and feather women and drag helpless men from their home and firesides. Of whatever crime such people may be guilty, they are entitled under the constitution of this country to be heard by a jury of their people and to have their day in court. For the fair name of Texas, every good citizen should lend himself to the support of officers and the duly qualified officials of this state in upholding the law at this critical time.

The Fatal Tragedy at Lorena.

"Such a tragedy as that at Lorena should never again blot the fair name of this state and if there is no law upon the statutes of Texas to prevent it, then I, for one as an official of the state of Texas entrusted by the people with a part in caring for their government, am firmly convinced that the assembling of the legislature of Texas to enact legislation to stamp out a thing so vicious would be cheap and tremendously cheap as compared with the lives of our citizens, one of whom has already lost his life in the tragedy of Lorena."

RED CROSS.

Thousands of ex-service men throughout the United States, ill from the effects of the war, are expressing their gratitude to the American Red Cross for its help in obtaining medical and nursing care, for placing them in hospitals or for assisting them in getting their compensation, sometimes long overdue. This statement was given out last week by Edward B. Orr, director of post war service of the Southwestern division of the American Red Cross. The Southwestern division alone, Orr said, has had hundreds of such letters.

"One man dying from tuberculosis, in a hospital in one of the states of our division, sent the Red Cross a contribution of $100.00 in recognition of the cheer and comfort which he had obtained through its workers. Another, who was a "mental" case and who had forgotten practically all he ever knew, when taken in hand by the occupational therapist who helped to bring back the activity of his war-weakened mind, wrote a pathetic child-like letter to the chapter chairman in the section where his case was cared for. This man was at one time recommended for admission to St. Elizabeth's at Washington, an asylum for the incurable insane. That he was able to write at all spoke volumes for the progress made in his case.

"Another case in the same locality was that of a soldier, who went to the chapter chairman with an allotment case just prior to being admitted to a hospital for treatment for tuberculosis. He had failed to make an allotment on entering the service and was afterwards compelled to make one. His pay was withheld, his wife was living with her mother in a distant state, there was sickness in the family, a young baby, and no money. This matter was taken up with the Red Cross and the difficulty was adjusted.

"Another case was that of a man who, because he was sick and unable to work and had not received his allotment, had become estranged from his wife. This case also was straightened out by the Red Cross and the family brought together.

"Jobs without number have been obtained for the unemployed ex-service men, sometimes loans are made to the men and in practically all the cases are repaid as soon as the man obtains work. One letter along this line received by the Sebastian County Chapter at Fort Smith, Arkansas, is particularly interesting. It follows:

To the Lady of the Red Cross: We are doing fine and the baby is grand and doing well. We hope some day you will pay us a visit if you happen to be close to us. I have a good job and hope to make good. We are sending you $5.00 this time and will send more on my pay day. I want to thank the Red Cross again for your kindness. Love from me, my wife and the baby." This man had had trouble in getting his allotments. The Red Cross took care of that, furnished a layette for the new baby, and saw to the care of the mother when the baby arrived.

"These are just a few examples at random from the numbers of such letters we receive. The Red Cross is greatly interested in its post war work and keenly sensible of its responsibility and the obligation of the nation to its former service men."

BURGLARS OVERLOOK $399 AFTER BREAKING SAFE IN THE MIERTSCHIN STORE.

Burglars who broke into the office and store of E. A. Miertschin just back of the Thorndale Mercantile Company's store, on the night before the robbery was committed probably wondered at their hard luck. For they did happen to hard luck, there is no question about that. After opening the safe and breaking into the various lock boxes they gave up in apparent disgust at not finding anything to repay them for their trouble. But just under their hand and open, as it were, reposed $399 in bills stacked in a letter box with a number of letters.

The robbers, who apparently were experienced men, worked the combination to the safe in true Jimmy Valentine manner by turning the knob until the little tumblers in the combination would drop with a click. The money was in bills and was collections from the Miertschin & Battegin and Mr. Miertschin's personal collections for the day, received too late to be placed in the bank.

Mr. Miertschin stated Monday that there would be no use for the robbers to return the second time as this one warning was enough for him. All his money now goes to the bank before night and the safe will be left open hereafter.

BELTON HANGS UP LONG END OF 7-0 SCORE AGAINST CAMERON

Last Friday morning the football team of Cameron went to Midway to play the fast Belton aggregation and the team felt confident that they could beat them. The day was ideal and quite a crowd was at the game.

All during the game Cameron men fought hard and many times was the Belton goal in danger. For the first half the two teams rocked back and forth along the field and either side could score or even get near each other's goal.

In these clashes, McWilliams the heavy guard for Cameron showed his aggressive ability by his terrible plunges. "Gappy" Taylor was also there with the stuff when it came to rushes. Stevens was in shape to play Friday and it was due to his magnificent headwork that the Cameron goal was not in danger.

McGregor the little quarter back for Cameron was substituted in the last quarter. Green the all star line bucker for Cameron was there with the stuff and the Belton men always got out of his way when he came through.

At the beginning of the second half Belton kicked off to Cameron. Willis received the ball and fumbled it, dropped it, picked it up and started down the field. A Belton man tackled him hard and the ball flew out of his hands and right into the hands of a Belton player. All of the other players of Cameron were busy with their men and they paid no attention to the back field. For this reason the Belton man had a clear field. Bigbee saw him but was about two yards too late and Belton scored and kicked goal. The score remained the same throughout the game, 7-0.

Taylor was also noted for his long punts in this half. At one time in the game he put his toe behind the ball and it went sailing through the air for about seventy yards. Belton was afraid of this toe artist from Cameron. "Gappy" said that he was mad when he kicked that ball and the Belton men must have thought the same thing for they left him alone. Bigbee the big full-back for Cameron was very effective with his center rushes while McCall and Bagget showed up with their usual ability for end runs. Ireland is to be given some credit also while Burke, Watson, Joynes, Baskin and Mayfield should not be left out. All played a good game and it was purely an accident that Belton scored. Well somebody had to win the game and it would have been uninteresting if it had been a score of 0-0. The two teams were evenly matched in spite of the fact that Belton had a hard time in breaking through Cameron's line.

Jack Hearrell, the yell leader for Cameron was on the job and it can be said of him that the game was not lost on his account. That night the Belton men gave a party and all the boys came home at about twelve o'clock having had a good time.

During the game Cameron drew a total of 13 yards in penalties while Belton was penalized 5 yards. The time of quarters was 11 minutes.

The following was the line up:

Belton		Cameron
Felts		Ireland
	Center	
Muelhause		McLain
	Left Guard	
Welch		Baskin
	Right Guard	
Younger		Greene
	Right Tackle	
Franklin		McWilliams
	Left Tackle	
Wilbanks		Burke
	Left End	
Flint		Watson
	Right End	
Dyer		Willis
	Right Half	
Perry		Harvey
	Left Half	
Kennedy		Bigbee
	Full Back	
Robertson		Stevens
	Quarter	

Substitutes: Cameron. McGregor for Stevens, McCall for Willis, Yates for Burke, Burke for Yates, Mayfield for Ireland, Baggett for Harvey, Taylor for Baskin.

Officials: Head, (Baylor) referee, Burton (Baylor umpire, Ryan, (Southwestern, headlineman. Baker (Southwestern) time keeper.

Cameron to Meet Taylor Here.

Friday afternoon the football team of Taylor will journey to Cameron and play a game with the home boys. The Cameron team is in good shape to have this gridiron battle because they have been working for some time and they feel assured that they will win this game. Stevens the captain of this year's team will show up with his usual ability and so will Taylor the tall guard for Cameron. Mr. Jones, the coach, has much hope for the game and he says that Cameron never had a better team. It is hoped that quite a crowd will be present for the game for the money will be needed. The admission fee will be 25 cents for anyone connected with the school and fifty cents for other people.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle.

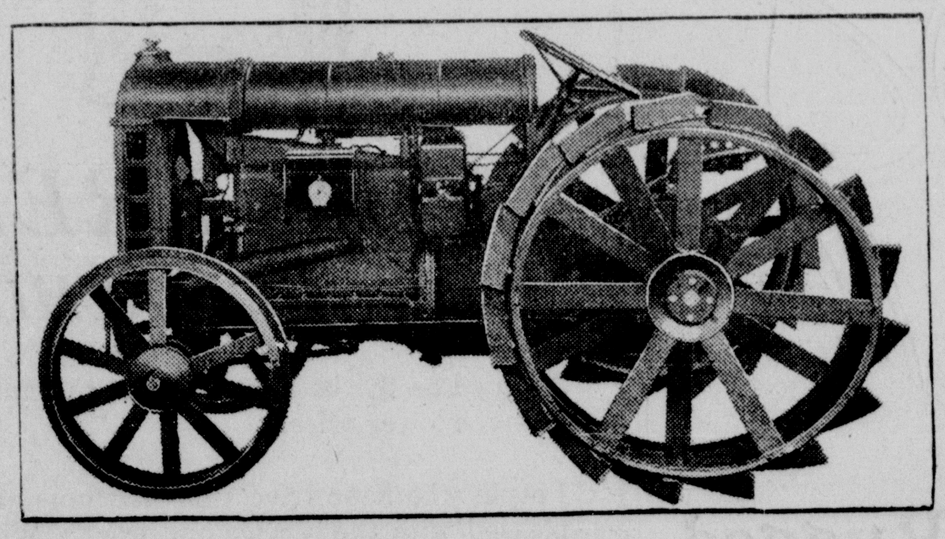
FORDSON



$625 f. o. b. Detroit

The Fordson saves from thirty to fifty per cent of the farmer's time.

The Fordson plows, harrows, drills as much ground in the same time as from four to six horses. (Many farmers say it does the work of eight horses.)

The Fordson does for the farmer just what machine power does for the manufacturer—it enables him to manufacture his product at less cost. And that is what the farmer wants to do, grow his crops more cheaply and make his margin of profit greater. And the Fordson will help him do it.

Let us prove this to you by a demonstration on your farm. Just phone us or drop us a card.

THORNDALE NEWS

BY FRED M. HERNDON

B. Y. P. U. ORGANIZED AND WORK GOING FORWARD.

The meeting of the B. Y. P. U at the Baptist church last Sunday evening at 6:30 o'clock was well attended and a permanent organization was affected. Much good is anticipated from a strong Union in the Thorndale church and a larger attendance is expected at the meeting next Sunday evening. Everyone is invited.

Bob Broadstreet left Monday night for Mexia where he goes to accept a position in a barber shop in the new oil town. Bob has held down the first chair here for a long time and has made many friends whose best wishes are with him in his new field. Mrs. Broadstreet and the children will not go to Mexia just yet on account of the etxreme scarcity of residences there.

STEVE RIEGER LOSES HEAVILY IN FIRE THAT DESTROYS HOME FRIDAY NIGHT.

The pretty country home of Steve Rieger, just south of Thorndale was destroyed by fire of unknown origin last Friday evening about 7:30 o'clock. The house together with its entire contents were a total loss.

Mr. and Mrs. Rieger had left the house only a short time before the blaze was discovered, to visit at the home of August Becker, leaving the children at home. The children later left the house coming to town to the picture show. It is supposed that an oil lamp in a south bedroom was the cause of the blaze, although it is thought the children had extinguished this lamp before leaving the house.

The blaze was discovered about 7:30 by Constable Edd Beard who lives near the Rieger residence who immediately gave the alarm. When he and others reached the house the flames were sweeping through three of the rooms and all through the upper part of the house making it impossible to save any of the contents.

Mr. Rieger's loss will amount to more than $5,000 with only $2,000 insurance. The Rieger home being one of the prettiest farm homes in this section.

ANOTHER NORTHER HEADED SOUTH HIT HERE FRIDAY

Another brisk norther came down upon this section Friday afternoon apparently in an effort to warn the Southland that there are places where snow and ice are well known, and that it might be an excellent idea to lay in that store of wood and coal for the many other northers that will soon be on the way here.

THORNDALE HIGH SCHOOL TEAM LOSES WIERD CONTEST AT HEARNE.

Full of hope, pep and enthusiasm Thorndale Hi journed over to Hearne last Friday for the opening game of the present foot ball season. The game was played as scheduled and the home boys returned Friday night. But it was a crestfallen bunch of heroes who entered the city silently late Friday.

The boys presented a very nifty appearance in their new suits and expect some good games through the balance of the season.

The score, oh, yes, the socre. Well, there was a score of course, but no one seems to remember just what it was. How careless. Anyway Hearne won the game.

NO ADVERTISEMENT EVER SOLD ANYTHING.

Henry Foster Adams, assistant professor of Psychology, University of Michigan, has this to say on advertising: "No advertisement ever sold anything to anybody. It will quicken his desires, it will offer food to his thought processes, it will be the cause of his buying, but, in the last analysis, every person sells it to himself."

The sense of sight. What an opportunity is here offered the seller of merchandise to quicken the desires that lead to action. Subtly, unconsciously, the power of the subconscious mind works to guide our every move.

Logic and the doctor's orders may decree the dumb-bells use. A picture, a shady court, and well marked lines mean a racquet bought.

Health distances and the business slump might demand a mountainous month. A picture, a boat, a spray of foam mean a seaside stay.

Progress might plead for and hour's lecture course.

"This tall lefthander will pitch today" means an afternoon off.

Reach your man or woman through the delicate appeal and send it through the sense of sight.

Attractively displayed advertisements will pictures make a psychological appeal that is irresistable.

BENNIE KEITH YOUR MOTHER WANTS YOU BACK HOME

A letter from Mrs. Mary M. Keith of Palestine asking for information of her son, Bennie, who she thought was in or near Thorndale during the recent flood was received here by Justice of the Peace Gore who has investigated but has been unable to find a trace of Bennie.

Bennie is a very tall man, brown skinned and weighs about 200 pounds, according to his mother who is anxious to hear from him. Her address is 905 Calhoun street, Palestine.

NEW DEVELOPMENT IN THORNDALE OIL FIELD STARTED BY ST. LOUIS MEN.

That the possibilities of the Thorndale field are to be proven by deep oil tests was assured this week when Mr. Luke Whitson, representing a St. Louis syndicate made a location for another deep test on the Ramseur place five miles southwest of Thorndale. This is a 1400 acre track adjoining the old Fritz Fuchs place upon which shallow tests were drilled during the oil excitement at Thrall a few years since.

Monte Atcheson, and experienced geologist and oil man made the location for the new syndicate and the machinery for the test will be hauled out to the location within the next few days.

This test will give Thorndale two deep wells close to the city, the Bremond Ranch test on the Shelby Phillips place three miles southeast of town now being down around 1900 feet and setting casing to the bottom of the hole this week. As soon as this casing is set drilling will be resumed, and according to Ralph Babcock will be drilled as deep as necessary to determine the possibilities of oil in this section.

EMPIRE OIL SCOUTS LOOKING OVER LOCAL FIELD.

Messrs. Been and Burg of Fort Worth, representing the Empire Oil Company, one of the large companys, together with Secretary Drake of the Rockdale Chamber of Commerce were Thorndale visitors Monday morning looking over the local oil field developments. They were just scouting around and would give no definite answer as to the intentions of their company toward development in this section.

DOOLEY-WILLIAMS

John H. Dooley and Miss Grace Y. Williams of the Gano community surprised their many friends by quietly driving to Thorndale Saturday afternoon, calling at the residence of Bro. Sam Elliott where that gentlemen united them in marriage.

Mr. Dooley has been a successful farmer in the Gano community while his bride is a popular and lovable daughter of Mr. and Mrs. James Williams of the same community.

After receiving the congratulations of their many friends the happy young couple will make their home near Wingate, Texas, in Runnels county.

ONE CENT FARE TO VETERANS MEETING GIVEN BY ROADS

BIG TRAVELING CONCESSION MADE FOR CONFEDERATE VETERANS REUNION.

Judge Ed F. English, commander of Ben McCullough Camp, Confederate Veterans, has received notice from Will N. Hudiburg, general chairman of the Confederate Veterans reunion to be held in Chattanooga, Tenn., Oct. 25, 26 and 27, stating that railroads will give a one cent fare to those who attend.

All who are interested in Milam county may apply to Judge English for an identification certificate which will enable them to get a one cent fare. Members of the United Confederate Veterans, members of veteran's family, members of Sons of Veterans and families, members of the Southern Confederated Memorial Association and families, are entitled to purchase tickets under the low rate.

The following letter was addressed to Judge English:

"The railroads of the Southeastern Passenger Association, and also those of the Southwestern Association have granted a rate of one cent a mile, on the certificate plan, for the Confederate reunion that will be held in this city October 24 to 27 inclusive.

A package of these certificates will be mailed to you within a few days. But, in order you can promptly furnish any that may request certificates of you, I am enclosing a few which kindly sign and give to all who request them. We are anxious that every one desiring a certificate shall be supplied promptly.

The low rates goes into effect Oct. 22, and the return limit on the ticket is Nov. 17. By applying to the conductors of the train on which they are riding, holders of reunion tickets can secure stopovers. This is an important provision.

To insure a successful distribution of certificates we would appreciate it if you would kindly appoint two men or women in your locality to assist in the work of distributing them. It will be a great help if you will also see that your local newspapers carry a news item to the effect that the certificates are ready, stating from whom they can be secured. I am sure you will readily understand the importance of the public being promptly and well informed about the certificates, that they are ready and where they can be secured.

Hotel and Home Accomodations.

It is very important, if not absoiutely necessary, that we know at once approximately how many people to expect from your community. Our committee will be prepared to furnish free home accomodations for all veterans who come to the reunion unable to defray their own expenses. We expect you to at once send us the names and addresses of all your comrades whom we shall have to provide free entertainment for while they are in Chattanooga. We will then advise them before they leave home, exactly where they will stay while here. Upon their arrival in Chattanooga, they will be met at the train and shown to assignment headquarters, from which they will be guided to their temporary homes.

We will secure rooms at the hotels, boarding-houses and in private homes for those veterans who are able to pay for their accomodations while in Chattanooga. In order that no trouble results after their arrival, we must know at once what you will need—how many rooms we will have to reserve, whether in hotels, boarding houses or private homes, and what price each veteran desires to pay for his accomodations.

The hotel rates are: European plan from $1.00 to $3.00 per day.

The boarding houses run on the American plan will charge from $1.00 to $2.00 per day.

Private homes for rooms only 75c to $1.00 per day.

But we must know immediately what you want—then assignments will be made and veterans notified before they start for Chattanooga.

Official Ladies.

If you have not already appointed your official ladies, please do so at once and give us their names and addresses. Also advise us what grade of hotel or home accomodations they desire so we may get them assigned before the hotels are cowded. I am sure that you will agre with us that the more ladies you bring with you, the better the reunion will be, as the ladies will help us in entertaining the veterans.

Program of Entertainment.

We are making strong efforts to give you the best reunion that you and your friends ever enjoyed. Many original entertainments are being planned for the veterans. There will be theatre parties, boat rides, barbecues, buffet suppers, "weiner" roasts, balls, parades, sham battles ,etc. Three big reunion balls will be given, one each night of the reunion. Receptions are on the program daily at private homes, fident that every visitor will be enclubs and hotels. Socially we are contertained as never before attempted at a reunion.

We believe that this will be the last time a one cent a mile rate will be given for a Confederate reunion. It is the lowest rate that has been given this year to any celebration event by American railways and it should insure a large crowd at the reunion. So, get ready and come on t oChattanooga.

Please advise us at once concerning your needs as to hotel and home accomodations.

BRANCHVILLE NEWS.

SOCIETY and Club

By MRS. W. A. GILLON

FORTY-TWO CLUB.

Mrs. Ben Atkinson was hostess at the opening meeting of the season of the "42" club last Thursday afternoon. It was an ideal fall day and was beautifully featured in the reception suite which was gorgeous and aglow with massive vases and bowls of golden rod, the most beautiful of all fall wild flowers. Seven tables were arranged and the dainty score cards passed pictured vases of golden rod.

About ten interesting games were played and all shared alike in a cut for table favors which were vases of the chosen flower, golden rod. These fell to Mesdames Andrew Freeman, H. F. Smith, Jr., Albert Triggs, W. A. Gillon, J. L. Clinton, John Martin, and Miss Aetna Smith.

Mrs. Atkinson, assisted by her three charming litle daughters, Louise, Katherine and Florence, served a delicious combination salad and ice course, carrying out so beautifully the color scheme. This consisted of chicken salad, sandwiches, potato chips in yellow and green cases, peach salad, pickle and orangeade. Those present other than club members were: Mesdames Jeff Kemp, Vivian McIntyre of Marthon, John Martin, Andrew Freeman, N. H. Butts, J. L. Barmore, J. L. Clinton, Frank Lesovsky and B. Slocomb

BIRTHDAY PARTY.

Master Wm. Graham Gillis Jr., celebrated his fourth birthday last Friday afternoon on the lawn at his home. Nearly fifty little boys and girls gathered to enjoy it with him, and made joy for him by dozens of tokens of love. Some of which were: Balls, tops, horns, picture books, handkerchiefs, socks, ties and numerous other things. Miss Sallie Kate McLane assisted Mrs. Gillis in entertaining and serving the happy throng, while "Beck" and "Anne" guarded the gates so no car could run over them.

After the games the big white cake with four pink candles and a wreath of pink roses for decoration was brought out, amidst screams of delight from the children. In the cut the ring fell to Bulah Collier, the dime to Giles Avriett and the little host having cut the thimble himself turned and in a courtly manner presented it to Abbey Reece Harvey.

Cake and cream and candy was served and fifty little hearts went home very happy.

* * *

PRESBYTERIAN SOCIAL.

Last Friday evening on the church lawn the "whites" entertained the "Blues" of a contest in Sunday school for most members. Despite the cold wind there were about two hundred present.

First came a unique and very cleverly carried out playlet with Rev. Henry MacFadyen as director and stage manager. It was "A Tale of the Wild West."

Cast of characters were as follows:
Cactus Pete, bandit.....Robt. Young
Alfalfa Bill, stage driver.....F. E. Jackson
Enchilades, daughter of Alfalfa Bill.....Jennie Tyson
Alkali Ike, sheriff.....Will Ford
Sufficient Lights, deputy A. W. Luckett
Babe Garrett, deputy.....Felix Minast

After a half hour of fun over the play, the crowd repaired inside of the church and was served by the "Blues" to most delicious cream and cake.

* * *

KILKARE SIGMA PHI.

This club was pleasantly entertained by Miss Beth Jeter last Friday afternoon. About twenty five members and guests enjoyed the initial meeting of the season. Conversation and sewing employed the social hour adfidst an array of fall flowers. Those present other than club members were: Mesdames Mac Harvey, Roy Jeter, Pollard, Smith, Misses Gladys Watson, Mary McLane and Helen Flynn, and last Moster Clinton Hardy made his debut into Cameron society that day and came in for his full share of attention. Miss Jeter, assisted by her mother, served a delicious pear salad, sandwiches and orange ice.

* * *

BRIDGE CLUB.

The bridge club met last Friday afternoon with Miss Aetna Smith as hostess. The home was decorated in beautiful fall pink roses and golden rod. Two tables of interested players participated in four games. At the close Mrs. J. L. Clinton was presented with a decorated lamp shade for winning high score among club members and Mrs. Vivian McIntyre, of Marathon was given a pink rose but, set of lingerie pins among the guests.

Guests other than club members were: Mesdames HcIntyre of Marathon, S. A. Cottle and Webb. A delicious shrimp salad sandwiches, olives, fig pickle and ice tea was served.

* * *

BAPTIST AUXILIARY.

Eighteen ladies met at the church Monday afternoon. Mrs. John Denson, the president conducted the devotional exercises after which a business session was held.

Plans for the three days county convention to begin next Tuesday, was discussed and arranged and funds raised to defray expenses. Tuesday will be given over entirely to Woman's work.

All the auxiliaries of the county will be represented at this meeting and reports read from each. Let all who can attend this important meeting.

* * *

PRESBYTERIAN AUXILIARY.

Circle No. 1 met with Mrs. Frank Lesovsky with seven in attendance.

The book "From Survey to Service" was started then apportioned by chapters among the members for home reading and study and at next meeting give a synopsis or outline. Sewing will also be the work at the next meeting. Mrs. Lesovsky served a delicious devils food cake with home made ice cream.

Circle Nos. 2 and 3 met with Mrs. Henry MacFadyen with nine in attendance and a comfort was tacked. The ladies enjoyed themselves very much. Mrs. MacFadyen served grape juice and cake.

Circle No. 4 met with Mrs. Van Tyson with seven in attendance and enjoyed an hour tacking a comfort.

* * *

METHODIST MISSIONARY

Mrs. C. E. Gaston was hostess last Monday to the Missionary society of the M. E. church. There were fourteen present. Mrs. W. O. Triggs led the lesson on Misions. Mesdames Leland Green, Pope Sapp, Howard Baskin and Ira Key had special parts on the program.

After a very interesting lesson Mrs. Gaston served a delicious chicken salad, sandwiches, sliced tomatoes and ice tea.

* * *

SYMPHONY CLUB.

The Symphony club resumed work on Wednesday afternoon at the home of the president, Mrs. R. P. Jeter.

There were fifteen present. A short musical program was rendered as follows:

Piano Duet—Mesdames R. P. Jeter, C. W. Reed

Vocal Solo—Miss J. L. Clinton.

Piano Solo—Mrs. R. P. Jeter.

A business session was held and six new members were elected. Mesdames Alex Triggs, S. A. Cottle, Webb, Raymond Brewer, Misses Gladys Watson aand Nelle DuBose.

Year book committee was appointed: Mrs. Ira F. Key, chairman, Mesdames A. N. Green, C. D. Lay, C. W. Reed and J. H. Sapp. It is worthy of note that these ladies decided not to have their year books printed, but to use that money in a donation to help pay on the piano in the Yoe High school. Mrs. Jeter served delicious home made candy.

* * *

D. A. R.

The Sarah McCaller Chapter of D. A. R. met Wednesday afternoon with Miss Winnie Henderson.

There were six present with Mrs. B. J. Baskin, the regent, presiding.

A business session was held and plans for the ensuing year discussed. It was voted to send donations to the following:

$5.00 to Martha Berry school, $2.50 to Continental hall, $5.00 to Denton scholarship, $2.50 to Lomassee school, $2.50 to American International school, $2.50 to Philippine school fund.

The third Tuesday was chosen as the monthly meeting day. The next meeting will be with Mrs. W. H. Triggs and a program will be arranged. All D. A. R. members are urged to bear this in mind and try to be present.

* * *

HISTORY CLUB.

The History club met with Mrs. Ben Atkinson on Tuesday afternoon. There were thirteen present and Miss Winnie Henderson was the leader. Current events was the subject for the afternoon and the K. K. K. was discussed, Mrs. W. O. Triggs, Misses Ada Henderson and Olive McGehee taking special part, but it closed with a general discussion. A business session was held and the committee submitted the year book and it was adopted. The subject for the year will be Current History. Mrs. Roy Jeter was elected a member.

Mrs. Atkinson's home was attractive and sweet with roses and queen's wreath and at the close she served hot tea and sandwiches.

The next meeting will be held with Mrs. S. A. Cottle, with Mrs. Lloyd Mitchell leader.

Rosebud Maraschino cherries. Giles L. Avriett.

The sad news reached Cameron Tuesday of the death of the infant son of Mr. and Mrs. Marvin Morton. Little John Braxton passed away at the home of its grandmother, Mrs. Adams at Dallas. Many friends sympathize with them in their sorrow.

PROPER PROTECTION

Your Depreciation Costs Would pay for an Implement Shed

The average life of a piece of farm machinery left unprotected is about five years. Consequently is depreciates 20 per cent in value each year. On $1000 worth of tools, implements, machinery and harness left in the open there is a yearly loss of $200.

RIGHT NOW is an especially good time to build, because building material prices are at the bottom. For your convenience we have plans of Implements Sheds, and will be glad to render any service help we can.

also is one from J. W. Walters of Rosebud who says that the new Klan is using the name of the old Klan without due consideration for the ideas and wishes of the members of the old order.

Following are some of the letters:

Washington, D. C., Oct. 7, 1921.
Judge U. S. Hearrell, Mayor,
Cameron, Texas.
Friend Hearrell:

I notice in the Dallas News of October 4th your proclamation for the prevention of the Ku Kluv Klan parade. I write because of my personal friendship for you to compliment you on your fearless and righteous stand in this matter. The good people who have gone into this organization certainly can not realize what a shield they have provided for the evil deeds of the most criminal element of society, and what an incentive this order is giving to young men to deeds of violence. Even if the order itself should be always righteous, criminals would hide beneath its cloak, and commit crimes in its name.

Sincerely your friend,
RUFUS HARDY.

Rosebud, Act. 7.

Dear Sam:

I wrote to you a few days ago as mayor of the city of Cameron, today I write Sam Hearrell and to state my reasons for opposing the present K. K. K.:

1. It's an Empire.
2. It's an invisible Empire.
3. It's ruled by an Emperor, one man power.
4. He appoints all the sub-officers.
5. He displaces all sub-officers.
6. He receives and disburses all the money.
7. Disguises and masks.
8. Acting altogether in the dark.
9. A secret court without appeal.
11. The conflict with our laws.
12. The opportunity it gives to any man to gratify private revenge or spite, an opportunity for crime.
14. He issues all the orders and laws.

No other civilized country today would allow such procedeings. It is not needed, not necessary anywhere.

I don't see how any man with a lick of sense, if he will think a minute can belong to it.

Your friend
J. W. WATERS.

Houston, Texas, Oct. 5, 1921.
Hon. U. S. Hearrell, Mayor,
Cameron, Texas.
My dear Sir:

The Chronicle is indebted to you for sending us copy of your proclamation forbidding parades by masked men. We used the full text in our editions yesterday, and I attach hereto clipping.

Please accept my congratulations for your courageous and unanswerable position in this matter.

With best wishes,
Sincerely yours,
MAX BENTLY,
Managing Editor.

COLORED HIGH SCHOOL

Our school was again opened Monday at 9 o'clock after the tri-county institute.

The high and grammar school reorganized the Drake Literary society. The officers are Johnie McGill, Pres., Letona B. Kelly, vice president, Ruby Harris, secretary, Willie L. Brown, assistant secretary, Harry Fountain, treasurer. This was for the betterment of our school.

Rev. Childs was with us Thursday and gave some splendid remarks.

Mrs. R. E. Hall was called to Columbus to the bedside of her father. Mrs. B. E. Robinson was also called to the bedside of her mother, but both are improving.

Prof. J. W. Bartlett went to Austin on business Friday.

The Cameron Machine shop and garage with their splendidly equipped shop has been a great help and a factor in the developing of the Minerva pool. Much of the repair work is done for the drilling rigs in this shop and their enuipment is complete in every detail. Additional buildings have been added and new machinery has been installed to care for oil field work.

A new oil supply company has been added to the field being a branch house of O. N. Jayne & Company of Mexia. The yard is located near the Sap depot and will carry a complete line of oil well supplies and casing.

Mrs. P. H. Medsker and little daughter are in the city for a few days' visit with Mr. P. H. Medsker.

We Don't Use A Lifting Jack or a Crow Bar

When we are doing repair work on the finer and more intricate parts of your car, we have tools for that purpose. We are fully equipped with tools, brains and experience to keep your auto in the pink of condition, when you need tires.

It is much less expensive to KEEP your tires in good running order than it is to PUT it in repair after you have let your troubles get big.
